

RIOTING RESUMED SUNDAY

Labor Unions in Philadel-
phia Threaten to Strike
Unless Council Acts

ASK FOR ARBITRATION

Score of Riots Sunday, Two
Killed 75 Injured and Hos-
pitals are Crowded.

Philadelphia, Feb. 28.—Representatives from the Central Labor Union and from scores of union organizations in Philadelphia not affiliated with the Central, are today preparing the demand they will make Thursday upon council for through arbitration of the street car strike. If council refuses to act, the union men have settled upon Saturday, March 5, as the day for calling a general strike of union men here. They declare at least 90,000 will answer the call, practically tying up business of all kinds.

Fearful that council will refuse to take a hand in the matter, the union leaders are crowding strike headquarters and making active preparations for the fight. Yesterday and last night were marked by scores of riots, which in two or three instances assumed serious proportions.

It is estimated today by the hospitals that at least 75 persons were treated at the various institutions for wounds from flying bricks and policemen's clubs. Two persons were killed by a wild car and several injured as a direct result of the strike, while two other persons were fatally wounded, one boy being shot by a policeman and another having his neck broken by a brick.

The riot spread to sections of the city hitherto peaceful and the state and city police had their hands full all day and night.

Business men, ministers and persons in every walk of life are visiting individual common and select councilmen today, with a request that something be done at Thursday's meeting to end the present trouble and prevent a general strike.

Former Forestry Chief

CONFIDENCE IN GLAVIS

Declares Present Secretary of
Interior is Unfit for
Public Office.

Washington, Feb. 28.—Gifford Pinchot, former chief of the forestry service, in the witness stand Saturday, accused Richard Ballinger, secretary of the interior, of gross misconduct of office.

He charged that Ballinger deliberately deceived President Taft when making reply to the executive's communication relative to timber and coal lands involved in the present controversy.

He branded Ballinger as unfit to hold public office.

He declared Ballinger entered the government service determined to break down the laws that protect the public against monopolistic interests seeking to grab water-power sites, and timber and coal lands.

He expressed absolute confidence in L. R. Glavis, who also has accused Ballinger.

Washington, Feb. 28.—Gifford Pinchot, late chief of the forestry service, told his side of the conservation controversy Saturday afternoon to the joint committee of the senate and house which is investigating the affairs of the general land office and the forestry bureau.

That is, he told a part of his story. He was prevented from completing it because of lack of time for one reason, and for another because the committee wanted to take under advisement, in executive session, the question of admitting a portion of the statements he desired to make.

That part of Pinchot's testimony which was excluded for the time being has to do directly with the president.

The former forester sought to bring in a conversation which he had with the president a few weeks after Mr. Taft had been inducted into office, and Attorney Vertrees, who represents Secretary Ballinger, objected on the ground that Pinchot's version of the talk must either go unchallenged or the president must be brought before the committee to controvert it. This he thought a most undesirable thing to do.

Although George W. Pepper, of Philadelphia, who is counsel for Pinchot, insisted that the conversation was essential to the proper presentation of his case, the committee decided that the matter was too serious to settle without careful consideration, and accordingly Pinchot was shut off just as he was approaching the most interesting portion of his statement.

Even with this omission, however, Pinchot had a great deal to tell, and what he said was explicit and direct, almost conveying the impression, as his attorney interrogated and he replied, that they might have rehearsed their evidence many times, chronologically and in such statements made.

It also was apparent that the subjects which he discussed were near-ly exhausted.

TWENTIETH CENTURY LIMITED WRECKED

Cleveland, Feb. 28.—Lake Shore No. 28, the Twentieth Century limited, west bound, was derailed while running 70 miles an hour at Olmstead Falls, 14 miles west of here, at 2:45 this morning. Seven coaches were derailed, though both engines, stuck to the track. Railroad officials report only two passengers slightly hurt.

ACCOUNTANTS AT WORK ON FIRE MARSHAL'S BOOKS

Columbus, Feb. 28.—Expert accountants employed by the Beatty probe committee went to work this morning on the books and accounts of the state fire marshal. This is preparatory to the hearing that is to be given by D. Davis, of Cleveland, next Friday. E. F. Brown, the state accountant, who dug up all the data in the state printer's office and made it possible to indict Mark Slater, is in charge of the work.

The report is current that D. W. Dinsmore, whose dealings with Mark Slater for several years brought him under suspicion, will be here Friday to testify before the Beatty committee. Representative Riddle, of the committee, said: "If Dinsmore does come, I'll make a fight against permitting him to testify, and thus get immunity from prosecution." Riddle says the committee knows where Dinsmore is working.

Langdon, author of the tax commission bill now pending in the house, and against which the railroads are waging a bitter fight, announced Monday that he had information that the 900 corporations of Ohio stand ready to spend \$20,000 to defeat the Taft public utilities commission bill in the senate.

The whole fight of the corporations against the utilities bill, the companion piece of the taxation measure, will be confined to the senate.

THOMAS F. WALSH, SICK "MINING KING," AND "THE HUNDRED MILLION DOLLAR BABY HEIR"

MELTING SNOW AND ICE WITH CONTINUED RAIN CAUSES THE RIVER AND CREEKS TO OVERFLOW

On account of the deep snow and the immense amount of ice that has accumulated during the past winter, especially in the hills, the greatest anxiety has been felt by people living in the lowlands, regarding the final outcome, it being feared that one of the greatest floods in history would result. That this opinion seemed about to be realized was evident when it commenced raining Saturday night. For nearly thirty-six hours the rain continued unceasingly and the streams in the county began rising rapidly. Little rivulets running down from the hills became raging torrents, pouring their waters into the Raccoon and North Fork creeks, which in their turn helped to swell the Licking river, which attained its highest mark in years.

The Raccoon Sunday was out of its banks at noon and it was reported that the Alexandria bridge had gone down. The water Sunday night was nearly up to the roadway between the Raccoon bridge in this city and the West End while all the bottom lands were covered with water and many persons were compelled to seek safety in higher ground. Down in the low lands west of the West Main street bridge many houses were flooded and much damage was done by the water.

While the North Fork was not near as high as it has been this winter, still the stage of water was very great and considerable damage is reported.

In the South End the South Fork, which has been greatly augmented by the flood of water pouring into it from the Easton, crept steadily upwards into the city, until at an early hour Monday morning it had reached Gilbert street, and was still rising.

CHIEF ZERGBEL RESCUED.

Chief Zergbel, who lives on Pataskala street, between Third and Fourth streets, says the water was higher than it has been for years. Sunday night the Chief saw what was coming and sent the other members of the family with whom he boards to the home of a friend while he camped in the house to keep watch. At an early hour Monday morning the water came up into the house flooding the lower floor to the depth of two feet. The Chief was compelled to seek refuge on the second floor. His predicament became known and Officers Hager, Burton and Francis took the patrol wagon and drove to the scene. They carried with them a pair of rubber boots which the chief donned, and he succeeded in reaching the wagon in safety and was "rescued." He says that it is an experience that he will never forget.

INTERURBAN SITUATION.

The Ohio Electric Railway people were unable to move their cars between Newark and Zanesville any further than Hanover on account of the tracks being covered with water from Cornell to Zanesville, a distance of twelve or fifteen miles. The only interruption reported between Newark and Columbus on the Newark and Columbus line is at Cochran's siding, six miles south of Newark. Here the tracks are flooded and men have been clearing away the rubbish on the canal banks so as to allow passengers to transfer.

ON THE STEAM RAILWAYS.

The only difficulty the Baltimore & Ohio had to contend with was a wash-out at Clay Lick compelling them to detour their trains from Zanesville via Fairway and the Panhandle. The Panhandle has been making comparatively good time.

It was reported that the Eleventh street bridge in this city had been thrown out of commission at an early hour Monday morning, but the County Commissioners had not been notified and knew nothing of it.

POLICE RESCUE FAMILIES.

Several calls for relief were turned in at police headquarters early Monday morning and Driver Cooper and Captain Bell in the police patrol rescued several people from their homes which were surrounded by the water. The police boats were not used in rescuing any of the people.

At 1:30 they were called to take L. R. Parker and his wife from their home 25 Gilbert street, for the water surrounded the house, and as it seemed to be rising steadily the people were much alarmed.

After the police had returned to the patrol house a call came from 119 Pataskala street and two families were removed from there to safety. At that hour the water was rising steadily.

A lone woman was taken from a Pataskala street house at 4 o'clock and driven in the patrol to the home of friends on Baker street. The police did not learn her name.

FOUNDATION CAVES IN.

At about 4 o'clock Monday morning twelve feet of foundation wall caved in at the home of John R. Ellis on Pataskala street. Water surrounded the house and the cellar was full and when the foundation went into the cellar there was a report like the firing of a cannon which was heard all over the neighborhood.

The extent of the injury cannot be determined at present until the water leaves the Ellis cellar.

FLOOD AT GRANVILLE.

Granville, Feb. 28.—Sunday night witnessed one of the worst and most damaging floods ever recorded hereabouts. For weeks all over the state the snow has covered the ground and particularly was this true in Licking county. The hills and valleys in Licking county were packed with ice and snow, and when the warm weather came Saturday together with the rain which continued all of Saturday night and Sunday and nearly all Sunday night, the result was great flood. The Raccoon creek and all the smaller streams in this vicinity began to swell and great damage was caused by the floods, the waters of which spread all over the lowlands, causing great damage. It is said that there is more snow and ice in the hills than has been known for years.

DANGER MARK PREDICTED.

Pataskala, Feb. 28.—Resulting from the continued snow and rains, a six inch well placed 28-foot stage, rise above the danger mark, is predicted by the local weather bureau today.

Below Pittsburgh big stages are expected along the Ohio river and warnings were today sent to Wheeling, Steubenville and other points.

OHIO RIVER RISING.

Cincinnati, Feb. 28.—Heavy snow and rain in the past two weeks have sent all the rivers in southern Ohio and Indiana bounding and flood conditions are predicted.

HUNTING PARTY HAS DISBANDED

Porters, Gun Bearers and
Others On Long March
to Homes

ROOSEVELT IS PLEASED

Starts Today on Trip to Khartoum
Loaded Down With Spoils
of African Trip.

Gondokoro, Soudan, Feb. 28.—The camp of the Roosevelt party is no more. Its existence terminated at noon yesterday, when, at the sound of a bugle, the tents were struck.

Then the 450 porters, head men and gun-bearers, loaded down with bags of flour and their own personal belongings, started down the trail for Kampola.

They were more than happy, and all sang praises of Colonel Roosevelt not only for his prowess as a hunter, but also for his generosity to them.

They were filled with delight at the rewards given them, which enabled them to return to their homes at their leisure, with plenty of collateral with which to purchase some more wives.

The picture was not complete, owing to the absence of Colonel Roosevelt and Kermit. The other members of the expedition were on hand, however, and waved farewell to the natives as they left.

For the past few days the camp has been a busy place. The great number of traders who flocked into the camp from the Congo, expecting to get hold of a lot of valuable goods for absurdly small sums, were disappointed. One trader bitterly denounced Colonel Roosevelt as "too much of a business man." He was not counted on Mr. Cunningham, who, greatly to their chagrin, insisted upon fair prices for all the goods.

The mule which has placidly carried Colonel Roosevelt for months was not sold, owing to his sudden fit of temper. He absolutely refused to allow any common trader to approach him, and no one would buy him and take a chance on getting away.

At roll call last night, which has been a part of the system of military regulation insisted upon by Colonel Roosevelt, 25 of the natives marched up and solemnly answered to their names. The rest of them were out hunting for a lost gun.

The sick report returned by the Uganda head men showed remarkably little illness and only a few deaths. The mortality list was very low, considering the size of the expedition. This has been largely owing to the unremitting care and vigilance of Mr. Cunningham, who has watched over the porters, varying their loads almost daily.

As this is written, the last man, with a sack of flour, is disappearing over the range, and the breeze brings back the faint echo of the African marching song. The little group of white men give a cheer, and Dr. Mearns swallows a lump in his throat.

"They were a good bunch," he says.

Later in the afternoon Colonel Roosevelt and Kermit returned expectantly from Rejaf on the Belgian gunboat. They were sorry not to have been present at the farewell. Both were enthusiastic over their success at Rejaf, as they secured the only complete specimens of the giant eland ever taken out of the Congo by white men. The animals were magnificent, as large as rhinos, with huge, graceful, spreading horns that were truly the finest trophies to be secured in Africa.

Kermit stalked and shot a male and female, showing speed and endurance that was little short of marvelous. Colonel Roosevelt killed a female.

The Stars and Stripes which were carried by the expedition were the first seen in the Congo since the days of Stanley. Many of the natives recalled him, asking whether the members of the party were relatives of the great explorer.

There will be no further hunts unless there is a favorable opportunity near at hand to secure a water buck or a sheebill stork, one of the rarest African birds. The party starts Monday for Lado and Addis Ababa, thence to Khartoum.

BY LUNATIC

Uma, Feb. 28.—Attacked by a cruel inmate, Frank Fraunfelter, of Lima, superintendent of the Allen county hospital, had his throat cut from ear to ear with a butcher knife in the hands of Wm. Perry, 17. Fraunfelter is in a serious condition. His assailant was locked up.

WHAT IS IT?

What kind of illumination?
Answer to Saturday's puzzle—Horse.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poison the blood with acid, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy, is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

NARROW ESCAPE FROM HORRIBLE DEATH BY FIRE

Mrs. Harry E. Fleming of the Belmar narrowly escaped serious injury Sunday noon and as it was, was painfully burned while getting dinner. Mrs. Fleming was boiling potatoes and she thinks that her young daughter turned the fire out and then turned on the burner again. When she thought it was about time for the potatoes to be done, she opened the oven door and immediately there was an explosion. Mrs. Fleming's hair being badly burned and her face, neck and ears being burned quite deep. Her waist caught on fire, but her screams summoned Mr. Fleming, who extinguished the flames.

Dr. Carl Evans was hastily called and dressed the burns and today Mrs. Fleming is able to be up and about the house and is resting quite comfortably. The attending physician thinks that the burns will not leave scars.

KODISH TURBAN COIFFURE.
The turban coiffure is first in favor or dress occasions, and that the hair dresser may not suffer by the simplicity of the fashion, waves and curls are being introduced, and as our illustration indicates, with pleasing effect. It is impossible, however, to arrange one's own hair in this manner, and the puff and hair curl on each side are false, and attached after the waved tresses are drawn back over the turban foundation.

PEARCE LIKES BERRYHILL

Would Like to Play Again in Newark—Anderson Wants to Land Here.

Bunny Pearce would like to get back to Newark this year. In a letter to friends recently Bunny said he had not signed his contract with Dayton yet and he is not sure that he will, for he doesn't like the idea of playing with the "old soldiers".

There is a much chance of Bunny landing back in Newark, although the fans would receive him with open arms, but he is a great admirer of Manager Bob Berryhill, and as Bob is the man who put Bunny into the game, there is a great friendship between the two.

Catcher Anderson, who while with Marion made a hit with his "little new pep boys," has also written Berryhill for a job, and fans would like to see the little milt artist, for he is a worker all the time, and would be a valuable addition to the club.

Tenth Annual Bowling Congress Sets Under Way at Detroit. Many Entries.

Wayne Garden, Detroit, Mich., Feb. 28.—Wayne gardens were in center of attraction in the city of Detroit Saturday night when at 8 o'clock the tenth annual tournament of the American Bowling Congress was started in. Despite a rainy evening, a large and enthusiastic crowd packed every foot of available space in the immense hall to witness what promises to be the most successful meet of its kind ever held.

The work of the 14 teams which faced the mazes in their initial performance undoubtedly proves the fact that all records will be broken in the coming event.

REILLY WILL STAY WITH THE DIGGERS

Marion, Feb. 28. — It was announced Saturday by the Marion management that while offers of a rather tempting nature have been received for Emmett Reilly, the Columbus boy, who was the catching mainstay last season, the price offered was not enough, and Reilly will be a Digger.

Another announcement made gratifying to the fans here. It is that O'Hara, who was released by Portsmouth to Marion late in the season, will consent to a reduction in salary, and therefore is slated as a sure thing in one of the gardens.

The management is now considering the third base proposition. It has Sam Crowe and Ed Ayerle, the former an Indian and the latter a Frenchman, signed for the place. Jay Willoughby, the third sacker of last year's team, who was at one time slated for either sale or trade, may yet play the position.

It has already been decided to use Behringer of last season's team at second base, and he will captain the club on the field. Manager Lewis and the big southside heaver, Zmich, are two of the pitching certainties.

As yet the management has not disposed of Frank Wolfe, and although no announcement has been made, there is a possibility that the Columbus lad may again be a Digger.

CONFERENCE SATISFACTORY

Manager Berryhill From Now On Will Hustle For His Players—Everything Arranged.

The conference held Saturday afternoon between Owner C. Albert Mead of the Newark Baseball Club, and Manager Bob Berryhill was entirely satisfactory to both men, and from now on things will hum around Newark's headquarters, which for the time being will be in Lebanon, Ind.

Mr. Mead told Berryhill the one requirement was to get a good team to represent Newark, and this will be done. If players are needed and if they cannot be picked up they will be purchased, but the salary limit of the league will be lived up to. Manager Berryhill will have full charge of the team. He can hire, fire, buy or sell players, and not a hand will be put in his way. All Mr. Mead requires is that he gets a first division club together.

Two new sets of uniforms will be purchased, and the Newark team this year will bear little resemblance to the rather "hazy" look squad that traveled over the circuit last year with the word "Newark" on their athletic dress.

The salary of \$1500 will be paid with President Read this week, and everything will be ready for the arrival of the men, which will be early next April. Manager Berryhill went to Columbus Saturday night and saw President Read and to him he unfolded the plans for the season and told him that he expected to put Newark in the race in a very different way than she appeared last year.

An eight town circuit will be a welcome change from the old six city swing of the last two years, and as a whole a different brand of ball should be played. Berryhill says he will have a team, and it is up to him.

ZANESVILLE TOTTERING

May Not Have Reached This Season, For Money Is Scarce.

Zanesville Feb. 28.—The baseball situation in this city is so very clear just at the present time and in fact, it isn't at all certain that there will be Central league baseball next season. The business men of the city have put about \$15,000 into the game in the past three years and it seems that they have about reached the end in regard to backing the team.

When the local O. P. franchise under Fred Baum was received from this city to Marion in 1902, the business men realized that they must have somebody, and securing Mary Hogan from Youngstown, immediately formed a stock company, with capitalization of \$100,000 to promote the sport. In 1907 the city was in the O. P. M. under back day, but the young jumps from eastern Ohio and western Pennsylvania proved a loser for the team. The next season Zanesville went into the Central and dropped out of money.

In 1909 it was the same old story in spite of the fact that the team was either first or second for the season and that \$2500 was added from the sale of players. In 1910 Zanesville business men have donated \$15000 in baseball in three seasons.

Most of the stock subscriptions of the company have been paid in full, and it is only by the sale of additional stock that the company can continue. A canvass of the business interests of the city has been made by officials of the company, but having any response has been made this far, and the situation looks critical. At present the local company is in debt to some extent, with practically no assets beyond eight experienced players and the Central league franchise.

Manager Montgomery has been greatly handicapped by the lack of funds and practically all of the men that have signed to strengthen the team are youngsters of whom little is known and less expected. The youngster in the class of ball played in the Central is a decided risk and hardly any of the managers are to take the chance with more than a couple. Of course there is plenty of time to secure good men, but with no money in sight with which to make purchases when the faster leagues cut down. Manager Montgomery isn't at all pleased with the outlook. A meeting of the stockholders of the company may possibly be held within a few days to map out some action.

VAUDEVILLE FOR WOLGAST

Kansas City, Feb. 28.—Ad Wolgast, it was announced Sunday, has accepted the offer of 1900 a week for a 10 week vaudeville engagement made by his agent in this city last week. Wolgast will be in Kansas City the week of March 14. He will have a week's engagement in St. Louis before coming here. After a week here Wolgast will visit the eastern cities.

TO ORGANIZE ATHLETIC CLUB

Steps were taken Sunday afternoon to organize the Newark Athletic club at a meeting which was held in the Music Hall and which was largely attended. It was an enthusiastic crowd and plans for the formation of the new club progressed rapidly. Newark has been without an incorporated athletic club for some time and the new movement should meet with popular favor.

A committee was appointed to secure proper club quarters and when the club is incorporated everything will be in the best of shape to entertain the men of Newark who are fond of athletics.

TAYLOR SUCCEEDS CURRY.
Columbus, Feb. 28.—Col. W. A. Taylor of Columbus, was appointed today to succeed Col. W. L. Curry as state commissioner of soldiers' claims. The appointment becomes effective tomorrow, when Col. Curry retires to become federal pension agent in Columbus to succeed Gen. Warnock.

TROTT LAID UP FOR REPAIRS

Sammy Trout, favorite Columbus boxer, will be unable to fill any engagements for some time. He is undergoing a series of operations upon a damaged ear. When he gets right all the 122-pounders will be cared for.

GENUINE "BULL" DURHAM SMOKING TOBACCO

—of its unequalled fragrance and rich, mellow, satisfying qualities—is made conclusive by the fact that more "Bull" Durham was sold during the past six months than in any six months in the history of the brand.

FASCINATING DINNER GOWN.
Simplicity and elegance are combined in the gown we have sketched for today. The skirt is long and made with a gracefully draped tunic of gold color chiffon cloth, matching that used for bodice, the latter artistically put together with fine folds of the material over shoulders and deep sleeve bands of gold embroidered net. Similar net is used for band across front and back and under arm pieces. Lower part of bodice blouses cleverly into a narrow waist band of gold satin, joining it to skirt.

This model might easily be copied by a home dressmaker with quite satisfactory results. Its chief charm lying in its simplicity.

"Never say die" is a good motto; but you can't make the dryer believe it.

Recipes for March 1, 1919
White Souffle—Beat and cut four good sized onions into small pieces; put them in a stewing pan with two ounces of butter; put the lid on and cook over a slow fire for three-quarters of an hour, being very careful not to let the onions brown. When the onions are tender, add one pint of milk, one pint of white stock, and one pint of stale bread crumbs not browned. Simmer gently for five minutes and press through a fine sieve. Return it to the fire to heat; add salt and white pepper and it is ready to serve.
Boiled Rice—Wash the rice thoroughly in cold water and drain. One cupful will be sufficient. Have ready and rapidly boiling two quarts of water, into which you have sprinkled two teaspoonfuls of salt. Into this sprinkle the rice slowly, so as to avoid, if possible, stopping the boiling of the water. Watch it for a moment, then give it a stir to put it in motion. Let it boil for 25 minutes, then drain in a colander. Put the rice where it will remain warm or in the oven to dry for 15 minutes.

TURNED THE TABLES NICELY
Granville, Feb. 25.—Granville turned the tables on Marietta Saturday by a decisive score of 40 to 27. The game, from a spectator's standpoint, was one of the best seen on the local floor this year. Both teams were in excellent form and well matched, except at center, where Stokes showed himself far superior to his opponent. The game was agreeably free from wrangling.

Both teams played fast ball. Stokes was superior in base stealing, with a slight advantage in putting on the visitors' side. Line-up: Denison, r. f.; Nye, r. f.; Brown, l. f.; Jordan, l. f.; Stokes, c.; Higgins, r. g.; Starr, r. g.; Bowers, l. g.; Mullen, r. g. Field goals—Stokes 3, Morrow 5, Nye 4, Brown 3, Jordan 3, Bowers, Starr, Drum, Mullen, Foul goals—Drum 7 out of 10, Brown 4 out of 6. Time of halves—20 minutes. Referee—Livingston.

GUY STOCK COMPANY.
The Guy Stock company comes to Newark this year with the verdict of other cities indelibly stamped upon it, "Great."

Headed by that popular young star, Mr. G. Carlton Guy, whose success has been phenomenal, and who is this year proclaimed by critics everywhere as one of the greatest young actors now on the stage.

The coming week promises to be one of the theatrical events of the season, as the Guy Stock company presents a list of plays this year that

"Wanda," who will be seen at every performance of the Guy Stock Co., at the Auditorium Theatre all this week.

are impossible to equal at popular prices, some of which have been presented at much higher prices previously to being secured by the management of this company. There is an originality about them which makes their presentation a delightful change from the usual "hashed over" productions of the average theatre company, and the Guy Stock company, managers of the Guy Stock company, have an organization of which they may well be proud and which enthusiastic audiences everywhere are ready to acclaim as the best on tour.

This most excellent company will appear at the Auditorium all this week, starting tonight, and continuing with a change of bill nightly, and a matinee every day. For the opening bill Monday, a very beautiful Tennessee drama, "The Heart of the Ridge," will be given. Tuesday, the bill will present "Wanda," the masterpiece, with a list of each of the plays.

"FLUFFY RUFFLES"
As has been mentioned in the case of many successful stage productions, "Fluffy Ruffles" has been a delight in whatever part she plays. No one got more pleasure from the performance of the "fluffy" than the audience, which this time around, and which did herself. The same can be said of her equally amusing rendition of

the title role in "Fluffy Ruffles" this season. Miss Gair in this merry musical comedy, is slated for an appearance at the Auditorium theatre for Tuesday, March 5.

"THE SOUL KISS."
"The Soul Kiss," which comes to the Auditorium Wednesday, March 6, is bound to duplicate the success it achieved in New York last season. The audience will no doubt express their enthusiasm at the song hits with which the piece is filled, principal among them being "When the Swallows Return in the Springtime," "My Diabolical Beau," "Affinity," "Mephisto," and "Any Old Place in the World With You." Miss Pertina, the star of "The Soul Kiss," conceded the most successful dancer throughout all Europe, will be seen

brass quartet and bell ringers, retains its place as the leader of all similar musical attractions in this country. You will surely be disappointed if you fail to hear this company. Seats can be secured at the usual place.

CHAPTER ENDS FOR TAFT CLUB OF THIS CITY

The following special from Columbus appeared in Sunday's Enquirer regarding the local Republican political situation, being a part of J. W. Faulkner's Sunday letter from the Ohio capital:
Any person looking for a charter for a Taft club and a large, life-sized photo of "The People's Choice" for President—William Howard Taft—can obtain both cheaply by calling upon or writing to Frederic Black, counselor at law Newark, Ohio. Counselor Black was one of the darlings called upon in 1906 to wrest control of the Seventeenth district from George Pecov Hamilton of his own city. C. B. McCoy of Coshocton and sundry and divers other persons who persisted in being for J. B. Foraker for president. When the rocks was over the Seventeenth was the only district in the state that Foraker had without question, and George Pecov Hamilton was the only insurgent elected to the State Central Committee. McCoy nominated Foraker for President at Chicago, and the district went callously for Bryan in November. One of the stiffer obstacles that the Takers encountered was Postmaster George D. Halsey of Newark. After Taft's election Counselor Black went after his scalp, the job being highly attractive from the salary end at least. But he didn't get far. National Committeeman Arthur L. Vorse couldn't see him at all. "For why should he get it?" reasoned Vorse. "He makes us nothing first." Whereupon he signed Halsey's papers. Black wasn't discouraged and worked like a field hand at Washington to get Halsey "busted." But the president, looking ahead, figured that one live rooster like the Postmaster was worth a barrel of lobsters like the Taft club members, and accordingly he listened to Vorse. Halsey was renominated and this week was confirmed. Thus ended this chapter, and also the Taft club of Newark, Ohio. Sland!

Columbus wants the next Democratic national convention. It would be a fine thing to nominate Harrison, an Ohio man for president if Ohio's capital city.

WOULD NOT HEED WARNING

Hamilton, Feb. 28.—Jacob Wadner, 48, dropped dead in a Newark hospital today. He said he wanted to go home, although in a critical condition. The Sister of Mercy told him if he stood up he would die. Wadner, however, arose, and a moment later fell dead of heart trouble.

HEED THE WARNING!
Backache is the Signal That Kidney Diseases are Nigh
Who doesn't dread the advanced stages of kidney troubles—Bright's disease, diabetes, dropsy and gravel?
But today, throughout America, there are tens of thousands suffering the torments of hopeless agony just because they failed to heed the first signal, the certain warning of future misery—backache.
Backache means that your kidneys are weak; they may have become inflamed from cold or injury, but in all probability they are stiffed up, clogged with impurities from the blood, for you know, of course, that the blood passes through the kidneys every few minutes, and that the kidneys strain the blood of its impurities, which pass out through the urine.
Stop kidney diseases at the start, that's the easiest way, and Thompson's Barosma is the surest remedy. W. A. Erman & Son sells it, and are willing to guarantee it to stop backache, sideache, and sharp shooting pains, and to cure Bright's disease, and end all kidney, liver and bladder trouble, or money back.
It is a great maker of pure blood, and a builder of flesh, because it promptly cleans the kidneys, and puts them in such perfect condition that the impurities are thoroughly strained from the blood as it passes through, and are promptly eliminated with the urine. Thompson's Barosma is only 50 cents and \$1.00 a bottle.

OBITUARY

ELIZABETH JANE PECK ROGERS.
Mrs. Elizabeth Jane Peck Rogers died Sunday in her 78th year, near Ourlville, in the house in which she had lived more than 50 years. She was the widow of Wm. Rogers, who died 20 years ago. She leaves two sons and one daughter. Her daughter, Rosie, has always lived with her mother and cared for her during her declining years. One son, Dr. Geo. W. Rogers, is practicing medicine in Columbus. The other son, Dr. L. D. Rogers, a graduate of Denison University, has been practicing medicine in Chicago during the last 25 years. He with his daughter and wife, Dr. Ida Wright Rogers, formerly of Alexandria, landed in New York City Sunday, coming from Liverpool in the Mauretania, on the voyage most remarkable for roughness in its history.
Dr. L. D. Rogers stopped over in Newark Sunday between trains on his way to Ourlville.
Last September Mrs. Rogers and her daughter went to Europe. On Dec. 14 she was so critically ill that her husband was called to come to London immediately. Dr. Rogers returned with his wife in good health to find that he had lost his mother.

MISS MARY N. LEWIN.
Miss Mary N. Lewin, who has been an invalid for a number of years, died Sunday morning at 2:30 o'clock, at the home of her sister, Mrs. A. P. Taylor, 126 Elmwood avenue. Funeral services were held at the late residence Monday afternoon at two o'clock, and burial was made in Cedar Hill cemetery.

LUCY A. SANFORD.
Lucy A. Sanford, aged 71, after a two weeks' illness with grip, died at her home on West Church street on Monday morning at 12:15 o'clock. She was born June 12, 1838, at Castleton, Vt., removing to Newark with her parents Jan. 1, 1858, residing three miles south of this city until March 28, 1882, and has since resided in this city. She is survived by two brothers, John and David. Funeral services will be held Thursday afternoon at 2 o'clock.

MRS. ELLEN MORRISON.
Mrs. Ellen Morrison, aged 78 years, 11 months and 4 days, passed away Sunday evening at 1:30 o'clock at her home, 40 Manning street, of pneumonia. Owing to her advanced age, Mrs. Morrison had been in very poor health all winter.
The subject of this sketch was born in Germany and came to this country with her parents when two or three years of age. They settled in Sharpsburg, Pa. Mrs. Morrison has been a resident of Newark for 21 years. Her husband died several years ago. The children surviving are William H. and Samuel of this city, James L. of Pittsburgh, and Mrs. Thompson, wife of Rev. C. M. Thompson, of Hopewell, Ky.
Funeral services will be held at the late home, Tuesday at 2 p. m., conducted by the pastor of the deceased, Rev. J. A. Bennett, of the Fifth Street Baptist church, and will be followed by interment in Cedar Hill cemetery.

MISS ROSE FRYMUTE.
Miss Rose Frymute, daughter of Mr. and Mrs. Clement Frymute, of near Jackson, passed away Friday evening about 8 o'clock. Her husband died several years ago. She was a resident of this city for some time. The deceased leaves, besides the parents, two brothers, Frank and Charles, Frymute, a sister, Mrs. Smith, of Hoboken, and a sister in Nebraska.
The funeral will be held at the home at 9 o'clock Monday morning for St. Francis de Sales church, this city, where services were conducted at 11 o'clock, followed by interment in Mt. Calvary cemetery.

CARD OF THANKS.
Mr. and Mrs. John Evans, of 21 Spencer street, desire to thank their neighbors and friends for their kindness and sympathy during the sickness and death of their infant son, John Willard, and also for the beautiful flowers.

CARD OF THANKS.
I wish to thank my friends and neighbors for the beautiful cards they sent me on my birthday, Feb. 27, 1910. Mrs. Dan Weiss, 41 De Crow avenue.

PHYSICIAN A SUICIDE.
Pine, Saturday, Feb. 26.—Dr. J. D. Johnson, 64, one of the most prominent physicians in Northern Ohio, also noted as an electric railroad promoter, while chatting with his wife and children in his sitting room, without a word of warning, pulled a revolver from his pocket and shot himself through the head, dying shortly after. No cause is known.

ENDS STOMACH DISTRESS AND INDIGESTION
No Gas, Heartburn, Headache or Dyspepsia Five Minutes After Taking a Little Diapiesin.
Why not get some now—this moment, and forever rid yourself of Stomach trouble and indigestion? A little Diapiesin sets the blues and grumbles. Give it a good eat, then take Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of indigested food, no feeling like a lump of lead in the stomach or heartburn, sick headache and Dizziness, and your food will not ferment and poison your blood with noxious odors.
Diapiesin costs only fifty cents for a large case at any drug store here, and will relieve the most obstinate case of Indigestion and Upset Stomach in five minutes.
There is nothing else better to take than Diapiesin to clear the stomach and intestines, and besides one single dose will direct and prepare for assimilation into the blood all you eat the same as a sound, healthy stomach would do it.
When Diapiesin works, your stomach gets itself in order, cleans up, and then you feel like eating when you come to the table, and what you eat will do you good.
Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Diapiesin, because you want to become thoroughly cured this time. Remember if your stomach feels out-of-order and uncomfortable now you can get relief in five minutes.

FLOOD
(Continued from Page 1)
floods are already prevailing with the water still rising. The Ohio river at Cincinnati rose at the rate of 3 inches an hour last night and today the river was at a 45-foot stage.
Smaller tributary rivers in the vicinity are already out of banks and flooding the low lands. At Dayton the Miami is threatening the city with heavy damage.
Springfield is facing one of the worst floods in its history. Several small streams being out of their banks and the water sweeping through the business portion of the city.
PREPARING FOR FLOOD.
Steubenville, Feb. 28.—Local rivermen are preparing for a flood. The river stage is 24 feet, rising four inches an hour, with indications of 46 feet by midnight. This will cause manufacturing plants along the river front to close down.
VILLAGES INUNDATED.
Liege, Belgium, Feb. 28.—Thousands of acres of land along the Meuse river are under water today, entailing tremendous loss in sufferings and deaths resulting from the overflow of the river. The flood has crippled a number of large factories and several thousands are temporarily idle. A score of villages are inundated, and their population in distress. Urgent demands for relief are being partially met by the local authorities. Loss already estimated is \$5,000,000.

CANAL BANK BREAKS.
The bank of the Ohio Canal near the residence of Henry Cochran, Hebron road, broke at an early hour Monday morning, and the water from the canal flooded all the surrounding territory. The water reached such a depth that it is impossible for the interurban cars from Newark to Columbus to make through trains, and passengers are being transferred at that point. Water which is flowing into the canal is steadily increasing the depth of the waters in the roadway and the surrounding lands.

Rheumatism Prescription.
One That Does Cure or Money Back—Says Evans' Drug Store.
Rheumatism, that the cause of the scientific prescription that is putting old Rheumatism out of business, the country over.
Rheumatism comes by drawing the acid from the blood. It also acts directly on the kidneys and is never for the kidneys than most so-called kidney cures.
After the rheumatic poisons are driven from the body, the stomach grows strong, the blood becomes rich and red, and a general feeling of perfect health prevails.
B. D. Smith, of Elmira, N. Y., took Rheumatism, and this is what he wanted. It was a sufferer from Rheumatism for years. Since using Rheumatism he has been entirely free from all aches and pains. Rheumatism is certainly the stuff for Rheumatism.
Evans' Drug Store sells and guarantees Rheumatism. The price is only 50c a bottle, and no charge for delivery. Order at Evans' Drug Store, 1100 West Ave., Buffalo, N. Y.

LONG FIGHT ON RAILROAD BILL.
Senate May Take Six Weeks on Measure.
JOKER FAVORS BIG CONCERNS
One Hundred Amendments to Be Offered—Wickersham Says Monopoly and Free Government Cannot Live Together—Senator Brown on the Income Tax—Dolliver Grows Sarcastic.

Washington, Feb. 28.—The fight over the railroad bill will be long drawn out. It is now expected that it may last six weeks in the senate alone. Two lines of attack are forming against the measure—by the insurgents, the other by Senator Aldrich. The insurgents have a neighborhood of 100 amendments to offer, and most of these will be fought out in the open senate. The charge is that there are several "jokers" in the bill the effect of which will be to favor the big corporations. One of these is the requirement that an issue of stocks an amount equal to the par value of such stocks be paid into the treasury. Now, with a good and established company this would not be difficult, as its stocks would practically command par and the amount deposited could soon be repaid. But with a new concern or one not securely established the rule would practically preclude any stock issue at all, since there would be no market for its securities and it would be out of the question to command anything near par for them. Another objection is that the interstate commerce court will take powers from the interstate commerce commission and will create two bodies which may or may not work in harmony. There are several other provisions that will be fought by the insurgents, their efforts being intended to make the bill more sweeping and radical, while that of the Aldrich contingent will be to render it even more conservative than at present. There will be majority and minority reports on the measure from the senate committee. There is also opposition in the house committee, from which a report is not expected for two weeks.

Trust Prosecutions to Continue.
That the government is going forward in its prosecution of all illegal acts by the trusts was recently given fresh proof in the speech of Attorney General Wickersham before one of the local universities. He went back to the existence of monopoly in England and stated that no state could long endure if monopolies were permitted. He especially attacked the arbitrary power to fix prices and limit production. The attorney general went on to say that the effort to eliminate the monopolistic features of the trusts would not hurt business, but would help legitimate business by getting rid of "vicious practices." The address was even more outspoken than some of the president's recent utterances on the subject and served notice that there is to be no lull in prosecutions under the anti-trust law. This sounds somewhat strange coming from the lips of Mr. Wickersham, who nearly all his life has been a corporation attorney in Wall street, but perhaps is given all the more point because of that fact.

Senators For Income Tax.
When the message of Governor Hughes against the income tax amendment was first published it was hailed in certain quarters as sounding the deathknell of the measure. That members of the United States senate do not share in this view is demonstrated by recent addresses on the floor of the body. The other day Senator Norris Brown of Nebraska, the author of the amendment, answered Governor Hughes' objections, as Senator Borah had done still earlier in the session and as it is announced that Senator Root of Hughes' own state will do shortly. Senator Brown argued that the amendment could have no possible effect on federal and state relations and therefore could not result in the taking of state securities. The fear that under the amendment the federal government might tax state securities was the chief objection urged by Governor Hughes. Even if the governor's fears should prove true Senator Brown argued that it would not impair the state's borrowing capacity for the reason that all securities would be treated alike and people would be ready to invest in state bonds as in other since they would have to pay the same tax on all. Furthermore, Senator Brown pointed out the fact that the government really had nothing to do with a federal conditional amendment since he had no power to veto it. Only the legislature was invested with power to pass on such an amendment; hence the governor's message was entirely gratuitous.

Criticising Methods of Drafting Bills.
The senate doing on the Aldrich business methods commission to curtail expenses in the federal departments brought out some rather stinging remarks from Senator Dolliver on the tendency of the executive and legislative branches of the government to interfere with each other's duties. "I know that the executive departments of the government," he said, "are these days taking a good deal of interest in us. I have seen them come in now and then, and I have seen them take a good deal of interest in the details of legislation as it is perfected in the executive departments."

WALTHAM WATCHES
Do you want your watches delivered this way?
Buying a watch is, or ought to be, an important matter, and carefully thought over. A Waltham Watch is something that will last for more than one lifetime—that should descend from father to son, from mother to daughter.
A Waltham Watch is not like the automobile or bicycle that is superseded every year or two by some new model. A Waltham Watch will last a lifetime, therefore consider carefully when you buy one. Always buy from a jeweler whom you know personally or by reputation, and be sure to get a Waltham Watch adjusted to temperature and position at the Waltham factory, and then have your jeweler regulate it to your personal habit and occupation.
Mail order houses are not, in our opinion, properly equipped to handle high-grade watches. Never make the mistake of buying a Waltham Watch from a mail order house; if you want a good watch and a timekeeper always buy a Waltham Watch of a jeweler.

WM. R. PUTNAM.
Mr. Rufus Putnam, post commander of Lemert Post, No. 71, G. A. R., of this city, received the sad intelligence of the death of his only brother, William R. Putnam, who died at his home in Rushford, Minn., Sunday at noon. Mr. Putnam was about 65 years old, and was a veteran of the civil war. He lived in Newark several years before the war, and his death, which came suddenly from heart failure, will be regretted by many surviving friends here. The deceased leaves a widow and seven children, six daughters and one son, the son having completed his first year as a cadet at West Point Academy. Mr. Putnam was a man of unusual ability and strength of character and his death will be sincerely mourned, not only by his immediate family, but by a large circle of friends.

WM. R. PUTNAM.
Mr. Rufus Putnam, post commander of Lemert Post, No. 71, G. A. R., of this city, received the sad intelligence of the death of his only brother, William R. Putnam, who died at his home in Rushford, Minn., Sunday at noon. Mr. Putnam was about 65 years old, and was a veteran of the civil war. He lived in Newark several years before the war, and his death, which came suddenly from heart failure, will be regretted by many surviving friends here. The deceased leaves a widow and seven children, six daughters and one son, the son having completed his first year as a cadet at West Point Academy. Mr. Putnam was a man of unusual ability and strength of character and his death will be sincerely mourned, not only by his immediate family, but by a large circle of friends.

DR. E. C. ABBOTT

Will Lecture in Newark Under the Auspices of the Public Library Club.

The trustees of the Public Library, assisted by the Library Club, are bringing Dr. Edgar C. Abbott, of Boston, to Newark, to give a series of Shakespearean lectures. This is an exceptional opportunity for the people of Newark to hear a fine Shakespearean reader. In addition to this, Dr. Abbott very generously offers to give one third of the proceeds to the Public Library.

Dr. Abbott has been enthusiastically received in Columbus. Not only one house, but a number of houses have been thrown open for his entertainments, with large audiences.

We hope that a large number of Newark people will avail themselves

of this opportunity and at the same time assist in helping the library. The dates are March 4 and 11, at 2:30 p. m., in the library.

ROMER'S REPORT

On His Work in the Auditor's Office is Ready for the Governor.

Columbus, Feb. 28.—Expert Accountant Edward T. Romer, associated with Attorney General Denman and Attorney H. J. Booth in the state treasury suits, has completed his work in the office of the auditor of state. During the administration of former Auditor of State Walter D. Guilbert the daily balances on excise and inheritance taxes amounted to \$130,000.

Mr. Romer is to file a report with Governor Harmon, who in turn will submit it to the attorney general, with the view of bringing civil action against Mr. Guilbert for alleged interest the funds would have earned, if it is found advisable.

The total amount of money collected by Mr. Guilbert while in office extended into the millions.

THE INDOOR ATHLETIC MEET AT DENISON

Attractive Program Arranged for Freshies and Sophs—News of Historic Old Granville.

Granville, Feb. 28.—In the old strife for class supremacy, the Freshmen and Sophomores have arranged a very attractive program for their dual indoor athletic meet, which is to be held in the Swasey Gymnasium, probably on the 26th of March. Through the suggestion of "Doc" Freeman, the under classmen decided to contest for class honors in both track and field events and the spirit with which the boys are taking hold of the work guarantees that the affair will be a great success. Already the officials have been chosen and the managers and captains of the two teams are hard at work arranging details and pointing their men into good shape. No details will be omitted that can possibly add to the attractiveness of the program. The Sophomores have the advantage over their rivals because of their winter's training with the varsity track team, but the Freshmen have a big field of material from which to pick, and they are working hard to make up for the handicap. The spirit shown by these two classes can but assure Denison a brighter prospect for the future in track athletics.

Quite a number of the residences in Granville are being furnished with hot water pipes, or furnaces, and it is predicted that the majority of houses will be heated by steam or hot water within a few days. The old-time methods are rapidly becoming obsolete.

The outlook for the coming season in the building line in Granville is very bright. One of a number of our people are contemplating building new homes and improvements of various kinds will be made in the village. It is expected that the mechanics of the town will have plenty of work when the rebuilding weather permits. There will be much remodeling and a great deal of painting will be done.

Miss Dess Willis of Washington, C. H. is visiting friends in the village.

relatives and friends, has returned home.

The annual Chi Psi banquet was given at the Hotel Warden Saturday night and was a most brilliant affair. Many of the old members were present and all had a most enjoyable time.

Miss Theresa Vornman of Uhrichsville, after a pleasant visit at the home of Miss Emma Vornman, in the West End, returned home on Saturday.

Mrs. Grace Courtney of Millersburg, O., is visiting her aunt, Mrs. Mary Lisle at her home on West Broadway.

Cured of severe compound
cold and cough by

Vital

"From Dec. 24, '39, to March 1, '40, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vital. The change was magic. Three bottles completely cured that compound cold and stopped the terrible cough and wheezing. I am now, at the same time, I cured me of a severe stomach trouble that has bothered me for 20 years. Vital is certainly a wonderful medicine."

Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond.

The reason Vital is so successful in such cases is because it contains the two most world-famous tonics—the medicinal, strengthening, body-building elements of Cod Liver Oil and Tonic Iron.

INSURANCE
ORDER PLANNEDJohn De Freeze Plans Benevolent
Society for Oil and Gas Men.
Badges Are Designed.

A new insurance order, founded strictly for oil and gas men, is being promoted by the originator, John De Freeze, of Eighteenth street, this city, and from every indication the new order, which is called "The Independent Order of Greasers," bids fair to become a success.

Mr. De Freeze has been an oil man, and as he fully understands the men and their work, he has planned the insurance order, which will receive its launching in Newark and the headquarters will be located in this city.

He has drawn up a charter, which has been copyrighted, and his designs for the various branches of the order have been duly patented under the law.

The badges vary, as, for instance, for an oil or gas driller, the badge is a temper screw; a tool dresser would be known by a hog's head with a ring in its nose, and its significance is understood by men of the profession, as a tool dresser is called a "wart hog," and the ring in his nose prevents the rooting or drilling. A rig builder will be known by a miniature derrick on the badge, and a pumpjack is designated by a sucker rod and wrench. A pipe liner will wear the pipe tongue and an oil gauger will wear the gauge pole. A well shooter will wear a small dynamite shell.

Mr. De Freeze applied for his patents on the badge designs through a Washington patent attorney, Watson E. Coleman, and everything is nearly in readiness for the launching of the project. The badges will be made in Newark and Mr. De Freeze also plans an emblematic rug to be used in the homes of the oil and gas men.

The promoter of the society has had 25 years experience in oil and gas fields. To entirely cover the fields of the world, his patents are taken out to cover the United States, Canada and Europe. He will leave in a short time for a tour of the oil and gas fields and will then promote his plan for the society, which he is confident will be a success.

A POORLY LIGHTED ROOM CAN
BE REMEDIED.

The study of illumination has not only become an exact science in these days of perfection in artificial lighting, but every householder is eagerly reading anything that will give him a greater insight into this most difficult study.

Many a poorly lighted room can be easily remedied by changing the light fixtures or repapering. It was formerly the custom to blame the oil, or the gas, or the electricity if there were dark shadows in the room or if the light failed to dispel the evening darkness. Now it has been proven that these same rooms, be it at the home or the office or the store, can be made almost as light as day with even less candle-power than before, all with a little study and planning.

A wallpaper which will "absorb" light is the greatest enemy to artificial light in the home. An illuminant is powerless to light a room if the color of the walls absorb most of the rays. Illuminating engineers claim that a white wall will reflect 80 per cent. of light, whereas a red wallpaper will reflect only 15 per cent. A light buff or yellow will reflect 45 per cent.; a dark brown about 12 per cent. A light apple-green wallpaper will reflect 40 per cent.; a dark green will give us 15 per cent. Dark wood trimmings absorb light; white wood reflects it. Velvets, chintzes, burlaps, will also absorb light; so will wallpaper, whatever its color, but a tinted surface wall reflects the light. Wallpaper in patterns is not only one of the greatest of all known absorbers of light, but it also has a bad effect on nerves and eyes.

The plainest wallpaper the better for nerves and body, and the smoother the surface the more light it will reflect. In selecting wallpaper the way the room faces must also be taken into consideration. Those rooms facing north and east require lighter colored papers than do rooms facing south and west.

Care in the selection of tints and wallpaper will not only lead to a better and a cheaper artificial light but will protect the eyesight, save the nerves and tempers. It will enable all to realize to the greatest degree the many advantages of artificial light from the electric current where many are now using some inferior illuminant because of an incorrect impression that electric light is too expensive.

The trouble with self-confidence is that it isn't always backed up by ability.

The hardest thing to beat in this world is your way through life.

PEOPLE'S PULPIT...

A FAMINE
IN THE LAND

Sermon by
CHARLES T.
RUSSELL
Pastor Brooklyn
Tabernacle.

Cumberland, Md., Feb. 27.—Pastor Russell of Brooklyn Tabernacle, New York, preached twice here today in our largest auditorium. He is well known here and had fine audiences. We report his discourse from the above text as follows:

Today this prophecy is fulfilled in our midst: Notwithstanding the fact that during the past century Bibles have been printed and circulated among the people by the million, and notwithstanding the fact that education has become general so that rich and poor, old and young, have the ability to read God's Word, nevertheless we are in the midst of the very famine specified by the Prophet. It seems almost incredible that we should be famishing now with Bibles in our homes, when our saintly forefathers did not famish, though education was limited. The secret lies in the fact that increasing intelligence on every hand has awakened our reasoning faculties along religious lines, and the result is the gnawing of hunger in our hearts. Our hearts and our flesh cry out for a living and a true God—a God greater than ourselves—more just, more powerful, more loving. Feeling our own impurity, we more than ever feel our need of the Friend above all others with a love that sticketh closer than a brother.

Consequently we cannot find the rest and refreshment and comfort from the Scriptures which our forefathers derived. Consequently the young men and the purest of heart in the world are repelled by the religion of the past as represented in the creeds of all denominations. They are hungry for the Truth. They are thirsty for the refreshment which they need. Intellectually many are looking, wandering, from sea to sea, desiring the bread of life and the water of life. Scanning the creeds of all denominations they find them practically alike as respects theories of eternal reprobation and damnation for all except the elect, the saints. They are faint for lack of spiritual food and drink. They even look to the heathen and examine the Theosophy of India, the Buddhism of Japan and the Confucianism of China, seeking for some satisfying portion of Truth. These are in some respects like the prodigal son—far from home. They perceive the swinish content with the husks of business, money, pleasure and politics, but their spiritual longings cannot be satisfied with the husks which the swine eat. They are thought peculiar because of their interest in spiritual things. They are misunderstood by their best earthly friends. They must learn that in their wanderings along the highways of science and worldliness they will never get satisfaction. There is a famine in every denomination, in every part of the world. No one thinks of looking to the Bible for refreshment and strength. The Higher Critics of all denominations have branded the Bible and openly laugh at the thought of finding there either bread for the hungry or water for the thirsty.

This is the very picture given in our context. "They shall wander from sea to sea, from the North even to the East; they shall run to and fro to seek the Word of the Lord and shall not find it. In that day shall the fair virgins and the young men faint for thirst" (Amos viii, 12, 13).

The Bread of Life and Water of Life. These hungry hearts must learn that there is only the one satisfying portion under the Sun—the living and true God, and Jesus Christ whom he has sent to be the Bread of Life for the world, and the message of grace from his lips to be the Water of Life. It is ours to call the attention of this Truth-hungry class to the Great Teacher who declared, "My flesh is food indeed and my blood is drink indeed; except ye eat the flesh of the Son of Man, and drink his blood, ye have no life in you" (John vi, 53, 54). But scarcely will the intelligent of our day hearken to these words, so prejudiced are their minds by the fallacies which beset their understanding. They see not, neither do they understand the goodness of God.

Why is this? Why are these Bibles in millions of homes, Catholic and Protestant, neglected? Because the people know not that the bread of life and the water of life which they seek are hidden therein. Why is this? We answer that conditions were very much the same in Israel at the time of our Lord's first Advent. The explanation he then gave is applicable now. He said, "Ye do make void the Law of God through your traditions" (Mark vii, 13; 1 Peter i, 18). So now, the traditions handed down from our forefathers really make void, meaningless, ungracious, the message of God's Wisdom and Love sent to us through the Lord, the apostles and the prophets. Those who still hold tenaciously to the creeds of the past are thoroughly blinded now to the true teachings of God's Word, while, alas, the majority of the independent thinkers, in reject-

ing the dogmas of the past, have rejected the Bible also, believing that the teachings of the creeds truthfully represent God's Word. These are wandering hither and thither, hungering and thirsting, looking for the bread of life and water of life and finding it nowhere, because they seek not where alone it is to be found.

"Ho, Every One That Thirsteth, Come Ye."

Ho! To all that hunger for Truth, Come ye. There is an abundance for us all in our Heavenly Father's wonderful provision—in the Bible. Desiring all the creeds and traditions of men, let us gather at our Heavenly Father's Board as his family, as his children. Let us prove the truthfulness of his declaration that "Like as a father pitieth his children, so the Lord pitieth them that reverence him." Let us seek and obtain the satisfying portion. Let us satisfy our longings at the table of Divine provision. Mark the Lord's words and consider how truthful they are. "Blessed are they that hunger and thirst after righteousness, for they shall be filled" (Matthew v, 6). It is this Truth-hungry class that we address. We know their heart-longings, for we had the same. We know the satisfaction which they crave, for we have received it and are therefore doubly glad to hand forth the bread of life and the water of life to those who desire it. There are plenty ready to serve the appetites of those who long for pleasure—ball games, society fetes, chess, travel, etc. We have not a word to say against these. It is not our thought that they are going to eternal torment; hence we do not frantically beset them, annoy them. Let them have their pleasure. Let them wait for the time to come when something may occur in their experiences which will put them into the class of the broken-hearted and contrite of spirit and cause them to feel after God, if haply they might find him as a satisfying portion. In harmony with the Master's direction, it is our aim to "bind up the broken-hearted; to comfort those that mourn," to tell them of the oil of joy which the Lord is willing to bestow for their spirit of heaviness and sorrow for sin (Isaiah lxi, 1-3). As the Master expressed no reproach of those engaged in any form of moral reform, even asceticism, so it is with us. We desire to oppose no one who is doing any good work, whether he follow with us in every particular or not. There are so many engaged in doing good works, and so few engaged in doing good, that not one of the latter class can be spared from the ranks of the service of righteousness.

As the Master did not give his time to temporal reform, nor social reform, nor political reform, but did give his time to the instruction of the people in the doctrines of the Divine Word, so let us be diligent to follow his instruction in this matter, not teaching for doctrines the precepts of men, but the Word of God, which liveth and abideth forever—expounding unto the people the Scriptures and assisting them to see the length and breadth of their meaning. Nevertheless, as the religious teachers of the Master's day hated Jesus and his disciples for this cause, "Because they taught the people," and persecuted them because they did not walk in the beaten paths of their day, so we may expect also to be hated without cause; so we may expect that the scribes and Pharisees and Doctors of the Law today will be grieved because the people are taught, because the light of the knowledge of the glory of God shining in the face of Jesus Christ is presented to the people as an incentive to love and obedience. Instead of the doctrine of eternal torment, it matters not that all the educated ministry today well know, and would not for a moment deny, their disbelief in the doctrine of eternal torment, if cross-questioned. Nevertheless many of them hate us and oppose us, because we show the people the true interpretations of God's Word, and lift before the eyes of their understanding a God of Love, Just, Merciful, Righteous altogether, and fully capable both in wisdom and power to work out all the glorious designs which he "purposed in himself before the foundation of the world."

(1) They perceive that the teaching of the doctrines of Purgatory and eternal torment has not had a sanctifying influence upon mankind in the sixteen centuries in which it has been preached. They fear that to deny these doctrines now would make a bad matter worse. They fear that if the Gospel of the Love of God and of the Bible—that it does not teach eternal torment for sin—were made generally known, the effect upon the world would be to increase its wickedness, to make life and property less secure than now and to fill the world still more than now with blasphemies.

would forever discredit them with their hearers. Hence they still outwardly lead their influence to the doctrines of eternal torment, which they do not believe, and feel angry towards us because we teach the people the Truth upon the subject, which they know will bring to them hundreds of questions difficult to answer or dodge.

God's Love Constrains Us.

I ask you, dear readers, Were you constrained to become children of God and to render to the Lord the homage and the obedience of your lives through fear or through love? I am not asking you whether you never have feared; but I am asking you what brought you to the point of consecrating your life to God? Surely that was not fear; I am aware, of course, that there is a proper, godly fear, reverence, and that the Scriptures declare it—"The fear (reverence) of the Lord is the beginning of wisdom" (Psalm cxi, 10). But this is not the fear of eternal torment, which tends to drive out love. How could we love or esteem or truly worship a God purposing the eternal torment of his creatures from before their creation?

I could give you many proofs of the power of love over the human heart, in contrast with the ungodly fear of the error. God says to us in many words, "Their fear toward me is not of me, but is taught by the precepts of men." As an illustration: At a Bible Students' Convention not long ago in Ohio a well-dressed gentleman in attendance told me of how his heart had been touched by our presentations of the

"Love Divine, all love excelling"

He said, "For years I have been a member of the Presbyterian Church without being really a Christian at all. Occasionally I went on spears; sometimes I gambled and drank, etc., etc. Not until I received a knowledge of the true character of God as set forth in your 'Scripture Studies' did my heart ever come to the proper attitude of surrender to the Lord. Then I was glad to give him my little all, and wished it were more." The next day, passing from the hotel to the auditorium to a question meeting, this gentleman put a slip of paper into my hand, which I supposed was a question, and I thrust into my coat pocket. On the platform I drew it forth as one of the questions to be answered, and, to my astonishment, found it was a check for \$1,000. The man had not been asked for one cent; but the Love of God had captivated his heart and gotten control—not only of it, but of his pocket-book and all. He wished to show the Lord his appreciation of the Love Divine, the length and breadth and height and depth, of which he now comprehended, as never before.

Another case: I met with a Convention of Bible Students in Chattanooga some five years ago. A gentleman attended who introduced himself to me saying that he was from Mississippi and that he had become deeply interested in my presentations of the harmony of the Word of God. He said in substance: "Brother Russell, I will not attempt to tell you how wicked a man I was before I got your literature. My dear wife here, an earnest Methodist, said to me, 'John, you will surely go to hell!' I replied to her, 'Mary, I know it! I know it! And, Mary, I am determined that I will deserve all that I get. I am not going to hell for nothing.' One of your tracts came to my desk in my store. I said that this was different from anything I ever understood respecting the teaching of the Bible. It seems more God-like and more rational. I sent you for various Bible Students' Helps. The result dear Brother Russell, is that the Love of God has constrained me, has conquered me, in a way that the doctrines of devils, torments could not influence me. Now I see the true teaching of God's Word. I can honor him and worship him and take pleasure in laying down my life in his service. I have made a full consecration of everything. For a time I sent you a \$50 check every month; but Brother Russell, that was in the nature of conscience-money because the most profitable feature of my store trade was the sale of liquor to the Mississippi negroes. Those checks stopped, because, as the grace of God more and more filled and overpowered my heart, it brought me to see that I must love my neighbor as myself and do injury to none. That is all gone now, Brother Russell, and my whole life is devoted to the service of God and my fellow-men."

Three murderers confined in the Columbus, Ohio, Penitentiary had from childhood been trained in the doctrines of eternal torment in different churches and yet committed murder. Those men, under God's providence, received some of our literature—"Scripture Studies"—and were cut to the heart when they learned of the Love of God, as expressed in the Divine Plan of the Ages. To be brief: A knowledge of the Love of God made such a change in the hearts and lives of those three murderers that the prison-keepers took knowledge of them that they had been with Jesus and had learned of him. By and by they were paroled and today two of them are preaching the Gospel of the Love of God, seeking to bring their fellow-men out of the condition of darkness and sin into the glorious sunlight of Divine Love and Truth. Having tried the Gospel of fear and damnation and torture for sixteen centuries, having seen that under this teaching there are more blasphemies and general wickedness than even in the heathen world, is it not due time to give the true bread and water of life to the hungry and thirsty ones who, for lack of it, are searching the earth and many of them falling into Higher Criticism, infidelity and other delusions peculiar to our day?

The Dr. Boyd Tonic
An Invigorant—Not a Stimulant

This wonderful life-giving remedy is a builder of flesh and muscle—a maker of rich, red blood. It does not stimulate falsely, instead gives perfect rest to the tired overstrained nerves.

It builds up every part of your body, strengthens and nourishes the entire system, restores the glow of health, creates a vital bounding energy. And it is immediately effective.

A prominent professional man writes:

"I could not have written you this letter three weeks ago for I was almost a wreck mentally and could hardly think coherently. I could not sleep until morning. What little sleep I did get toward morning did me no good. I had shooting pains through the back of my head and fluttering of the heart with smothering sensations. No physician seemed to help me at all, but it took only one box of your splendid tonic to put me on my feet again. I am indeed grateful."

Go to your druggist today. Ask for the Dr. Boyd Tonic. He has it or can get it for you. A full three weeks' treatment costs \$1. There is no substitute for the Dr. Boyd Tonic. There is nothing else like it. Just try it.

THE TIME TO BUY SILKS FOR SPRING AND SUMMER IS NOW

Fashion has dictated that the Spring and summer of 1910 is to be a Foulard season. All sorts of silks will be sold at all sorts of prices, but the foundation of our merchandising success is based upon the confidence placed in the quality of the goods we are offering.

We guarantee their satisfactory wear to you—speaking of Foulards.

The Great Foulard name of this country is "Cheney's." Their silks are printed by the largest silk plant in the world.

"Cheney's" have been the criterion by which all other silks have been judged for over half a century.

"Cheney's" silks inspire confidence. "Cheney's" silks are established with the American woman, and we find they are insistent more and more for "Cheney's Shower-Proof Foulards."

The Fashion Publications are featuring them and showing elaborate gowns made of "Cheney's" silks.

We are the Newark Agents, and show two extensive lines at

FIREMEN RESPOND TO THREE CALLS

The fire departments of the city were called out three times Saturday night and Sunday and three alarms were answered, all from different parts of the city.

The cabinet shop of Albert Schwab, near of 759 Hudson avenue, caught fire from an oil stove and was damaged to the extent of \$150. Some tools and material being burned. The fire was turned in at 8:30 and the North End company and the Central station responded. The interior of the shop was badly burned.

Some clothing in a closet, which was set on fire by a match, called the East End company and the Central station. The fire was turned in at 8:30 and the Central station responded. The interior of the shop was badly burned.

A leak in the main set the Vandewater bridge on fire Sunday afternoon, and a still alarm was sent in to the Central station. The leak was about six feet from the bridge. It was caused through the loose fitting and when someone held a light near it a series of flames leaped to the main and set fire to the bridge itself. The firemen fought the leak until the gas was turned off in the main when the fire was easily extinguished.

While the Central companies had the main under control, someone set a fire alarm from Cox 15 and 16. Central and East End companies went to the scene, thinking it was a leak. The horses of the East End company frightened at an auto that was driven carelessly near them, began plunging round both horses and against a picket fence, knocking down a section but the horses were not injured.

"Texas" was entirely cut off from gas for heating and lighting purposes until repairs could be made on the line.

THE SECRET IS OUT.

The secret that Dr. Edwards' Olive Tablets are a successful substitute for Calomel is being told to millions of people every day.

The secret of good health is good Bowels kept in good order, and

The secret that a sluggish, inactive Liver causes Constipation should be known by all.

When you feel nervous, irritated, annoyed, and out of sorts, your Liver and Bowels are out of order.

Take one or two of DR. EDWARDS' OLIVE TABLETS at bed time. Note how they start the Liver to work, and how the Bowels throw off the poison from the system. Notice how quickly and pleasantly they will do their work. They are the only laxative that does everything that Calomel does and leaves none of Calomel's bad effects. They are little, sugar-coated, and pleasant to take. All druggists in neat 10c and 25c packages. The Olive Tablet Co., Portsmouth, O.

Nothing so cheap for a good, wholesome, hearty breakfast, as Mrs. Austin's pancake flour. At all grocers.

LLANELLY CHOIR

Splendid Concert by Notable Organization at High School Auditorium Friday, March 4.

The Llanelly Royal Welsh prize choir of 28 voices will give a concert Friday evening at the High school auditorium under the auspices of the Plymouth Congregational church. Following are a few of the nice things said about their splendid work by notable persons:

H. M. King Edward: "Your choir is a magnificent one, they sing most beautifully."

German Emperor: "Your choir sang superbly. I was struck with the noble position of the choir, they are grand."

German Emperor: "Your sopranos and contraltos were delightful; every item was beautifully rendered. I have never heard anything better than this choir anywhere."

Lord Roberts: "I have never enjoyed a better concert in a life time. This was magnificent. This is the greatest musical treat I have ever had."

Stewart Randle: "You must travel a long way to hear anything superior to this choir."

Dr. McNaughton: "God in the heavens, they made a dramatic play which attracted attention at once. They had the fear of the Lord in the center of their performance. There was a thrill of excitement there was no egotism, there was a tremor of the earth in their singing."

FELL INTO CELLAR

Mr. J. M. Allen, a well-known contractor, was called out to a fire at 10 North Side square, where a man was found lying on the floor of a cellar. The man was badly injured and was taken to the hospital.

ACCEPTS POSITION IN OMAHA

Mr. L. A. Altman, who has been department manager for the Weirle company for the last ten years, resigned his position Saturday to accept a position as general superintendent of the 1st and 2nd Stove Co., of Omaha, Neb., at an increased salary.

Mr. Altman, as with the Peninsula and Detroit stove companies for eight years previous to coming to Newark, and his experience has well fitted him for his new position. He was highly respected by all who knew him and the men who worked under him and they show their respect for him the foreman of the shop Saturday presented him with a silver mounted fountain pen and a solid gold signet ring.

Mr. Altman left Saturday for their new home in Omaha, Neb.

POLICE COURT.

During a little talk in the patrol house Saturday morning leaving for their beats, the policemen were talking of the West End beat which is the unlucky one in the city. Different things have happened on it at different times and it is considered the "bad" beat by the men. One officer was clucked on by a gang of toughs, and three men who have worked it this winter have had something happen to them.

Officer Donley was stationed on that beat when he was forced to lay off from injuries sustained some time ago, and yet these injuries never bothered him to any extent until he was transferred to this beat. John Byet who succeeded him was taken ill and is yet sick in bed, and John Zirnover, the last man on that beat, was struck by a street car and badly injured. John Everts was placed on that beat Saturday night as an extra patrolman but so far nothing has happened to him.

John Petrey was on the West End beat for some time, was suspended Friday by Chief Zerniebel at the instance of Safety Director Russell. It is claimed by the chief that Petrey failed to report from the patrol boxes at the proper time.

Isaac Morrison and John Everts were sworn in by Mayor Atherton Saturday night as extra patrolmen. Everts was sent to the West End and Morrison was given a North End beat.

Officer "Doc" Burke, who has been ill of pneumonia is slowly improving at his home. His case was a severe one but he is out of danger. He is considered one of the best policemen in the city and is missed when compelled to be off duty.

William Buckingham, better known as "Billy Muldoon," found a pocket book containing some money on Fourth street Sunday. The owner can have same by calling at police headquarters and proving property.

BALD HEADS NOT WANTED

Baldness is Too Generally Considered A Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit and refuse to take men over thirty-five years of age as new employees.

Almost 50 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny.

We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements, no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our Rexall Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, lighten the hair in the roots and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and no obligation from the user whatever.

We have established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the merit of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular.

Rexall Hair Tonic comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Newark only at our store—The Rexall Store, Hall's Drug Store, 10 North Side Square.

PINCHOT

(Continued from Page 1.)

est to his heart, and in telling about them he was relieving himself of a mental burden which he has long been carrying.

He left no doubt as to his feeling toward Secretary Ballinger, and although he confined himself to parliamentary language, he did not hesitate to place him in the same classification with an Ananias and other despoilers of the truth.

In fact, but for an explanation and proper understanding of one statement which Pinchot made, there might have been created the impression that he desired to show that the president himself had not stated a situation in entire accord with the facts. He made it plain, however, that in making an alleged misstatement of fact, the president had been deceived by Ballinger.

This was one of the charges which Pinchot deliberately made against the secretary of the interior—that of wilfully deceiving the president—and he produced documentary evidence which, he contended, supported his accusation.

In the front row, close to the witness stand, sat the aged mother of

Pinchot, who gave the closest attention to his every utterance and nodded her head approvingly at every telling statement which he made against Ballinger.

TOMORROW NIGHT

AT HIGH SCHOOL AUDITORIUM.

The Parland-Newhall Concert Co. will appear here March 1, as the sixth regular number of the High School lecture and entertainment course. This company stands pre-eminently at the head of all similar musical attractions in this country.

If you have a season ticket and can not come, give your ticket to some neighbor; if you can come, tell them about it. This number promises to be the most popular number on the entire course. Mr. Beauchamp said: "The Parland-Newhall Co. is the best attraction of its kind I have ever heard of and I have heard them all at some time or other." A bell ringing quartet, a brass quartet and a vocal quartet of professional people. Single admission, 25c and 35c.

The opportunities we seldom let go by are those that enable us to make fools of ourselves.

WHITE WINGS

CLEAN STREETS

Snow Piles Are Removed and Hauled Away and Street Crossings Are Washed.

Gangs of "white wings" under the direction of the street cleaning department, started work this morning cleaning the snow off the streets of Newark. For several weeks the snow piles have lined the streets of the business section, and with each fall of snow the piles have been increased until they were several feet in depth.

Service Director Taylor Monday morning started gangs of men at work, and the snow was loaded into wagons and hauled away and dumped, and by afternoon the streets presented an entirely different appearance. Another gang of men with a fire hose washed clean the street crossings, and pedestrians found walking a great deal easier than it has been for the past several weeks.
